

## Navigating the Offer Letter and Estimated Net Cost

<sup>1</sup> Your financial aid is based on the semester hours, housing plans, and academic program information shown. It is **your responsibility** to notify the Office of Financial Aid if any of these items differ from what is displayed on your offer letter.

<sup>2</sup> Direct costs are those costs billed by the university. If you indicated that you plan to live on campus, the estimated housing cost is based on an **air-conditioned double room**, and the estimated food cost is based on the **Unlimited meal plan**. Actual housing and food charges will be determined upon securing a housing assignment and will reflect on your billing statement (e-Bill). Please refer to the 2023-2024 housing and meal plan rates. Estimated direct costs do not include additional charges for specific courses or academic programs. Your actual charges and payments may be different.

Please plan for **indirect costs**, which are common school expenses that a student may incur while attending college. These are NOT billable costs, but these costs are taken into account when determining your eligibility for financial aid. Indirect costs are based on the costs experienced by the average student and can vary based on individual spending decisions. Below are estimates for direct and indirect costs.

<b>Tuition &amp; Fees</b>	\$28,220	\$28,220
<b>Housing – Air-Conditioned Double Room</b>	\$7,300	N/A

<b>Total Cost of Attendance</b>	<b>\$45,936</b>	<b>\$37,160</b>

<sup>3</sup>Your loan disbursement dates have been predetermined by the university. Students enrolled in a semester or a modular program will have one scheduled loan disbursement each semester of attendance. Summer semester loan disbursements are based on summer course dates. Your loan disclosure statement from the U.S. Department of Education will indicate your anticipated disbursement dates and amounts. You will be notified by the Student Accounts Office via your AU email account upon the arrival of your loan disbursement(s).

<sup>4</sup>The total loan funds applied to your student account will be **less** than the total amount you accept, due to an origination fee. The current loan origination fee of 1.057% is deducted from each Federal Direct Stafford Loan disbursement by the U.S. Department of Education before the funds are applied to your bill. If accepting the Federal Direct Parent PLUS Loan or Federal Direct Graduate PLUS Loan, a loan origination fee is deducted from each disbursement with the current loan origination fee at 4.228%. These fees are subject to change based on federal regulations. The amount accepted is the loan principal that you will be required to repay.

Please take these fees into consideration when evaluating the loan amount(s) you wish to accept. **Watch for your loan disclosure statement from the U.S. Department of Education**, which provides the loan origination fee information. If you borrow a Federal Direct Loan, your cost of attendance will include an allowance for the average origination fees.

<sup>5</sup> Aurora University is committed to offering meaningful work opportunities for all students. On-campus jobs are in high demand. The amount listed as Federal Work-Study (FWS) Eligibility is the annual amount you are eligible to earn, if hired. Earnings will not automatically be deducted from your charges. If you are not FWS eligible, you still have the option to pursue on-campus employment. Student workers are paid bi-weekly following the current minimum wage guidelines for a maximum of 15 hours per week. To inquire about on-campus employment, Aurora students can contact Career Services at 630-844-5403 or [career@aurora.edu](mailto:career@aurora.edu) and GWC students can contact GWC Academic Services at 262-245-8535 or [gwcacademicservices@aurora.edu](mailto:gwcacademicservices@aurora.edu).
